

REGENTS TAKE UP WET UNIVERSITY CLAIM WEDNESDAY

Alleged Liquor Traffic Inquiry
Will be Laid Before the
Board

MADISON, Wis.—Whether or not the University of Wisconsin board of regents will express itself on the steps to quash alleged liquor traffic among students of the university, probably will be determined at a meeting of the regents here Wednesday. President E. A. Biese has announced he will submit the liquor traffic to the board for consideration.

Dean S. H. Goodnight of the university, has been conducting an inquiry into reports of excessive quantities of liquor among students during the recent homecoming and is expected to submit information to the regents.

Other Business

The board is expected to take up and act on the proposed site for the university extension building at Milwaukee. M. E. McCaffrey, secretary, stated today. A subcommittee of the board has been at work on the extension building plans for some time and will submit a report. Approximately thirty sites were inspected by the committee. It is reported that the site of the Milwaukee university is recommended to the board for the building.

The regents also may discuss further plans regarding the University Under building, according to officials. Architects are now competing plans for the building, which will be enlarged from the initial proposals.

The university board is not likely to take further steps regarding the expected deficiency in university funds, it is said. This question is now before the state emergency board, which as yet has failed to reach an agreement.

How to make Good Coffee

NUMBER XIII

One of the reasons why good coffee is not more uniformly made in the average home is that the coffee and water are not carefully measured. In the hotel or restaurant the coffee is carefully measured by weight and the freshly drawn water, when furiously boiling, is accurately handled by measure. If it is not possible to use scales in the home, care should be taken that the measurements are accurate. In measuring the coffee, an ordinary tablespoon may be used. The amount of water called for on a tablespoonful of coffee generously rounded off, is one coffee cupful or three fourths of a measuring cupful.

Coffee has rightly become the favorite American beverage. And from the time when Yuban was the greatest coffee merchant's private guest coffee it has been the favorite. Its unusually mellow and full-bodied flavor gives supreme satisfaction and delight.

MONROE COUNTY ABOLISHES OFFICE OF COUNTY NURSE

Fight at Supervisors' Meeting
to Do Away With County
Agent Lost

TOMAH, Wis.—In a spirited controversy, the county board of Monroe county voted again on the proposition of doing away with the county agricultural agent, and the resolution, introduced by Street, Holmke, Lyddy and Dean, was lost by a vote of 12 to 25. This action of the county board assumes the retention of the county agricultural agent for another two years. For the past six years, this subject has been rehearsed by the county board, despite the fact that the majority of progressive farmers in the district, agree that the work of the county agent is of incalculable benefit to Monroe county. The present incumbent, J. L. Liddle, is rated one of the most helpful agricultural agents in the entire state.

The question of maintaining a county nurse was thrashed out on Thursday by the county board, and although Mrs. W. W. Warren of Tomah and Senator Tensdale of Sparta made strong appeals in support of a county nurse, the job was abolished by a 27 to 21 vote. The fact that the resignation of Miss Munthy, probably made the abolishing of a county nurse an easier matter than it would otherwise have been. The board also voted to turn the money left in the county nurse fund over to the agricultural committee. The coupe furnished former incumbents, was ordered sold.

The bank of Westby was designated by the county board as the county depository, that institutions being the only one to make a bid on county funds. The board voted to accept the figures of Assessor of Income Tax, as the equalization figures for the county.

The Best Cough Syrup is Home-made

Here's an easy way to save \$2. and
yet have the best cough remedy
you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a pint bottle, pour 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup instead of sugar syrup. Boil for 10 minutes. It tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

MARCONI PLANS TO PROJECT RADIO IN A GIVEN DIRECTION

LONDON.—By The Associated Press.—Signor Marconi said Tuesday that within the next few weeks he planned to begin tests between London and New York of his system of projecting radio waves in a desired direction. "You see that lamp there?" he said pointing to the electric light over the desk in his office in the Strand. "Its light rays spread all over the room in every direction

Advertisement DARK TEETH BLEACHED IN THREE MINUTES

You have always longed for flashing white teeth. And now, at last you can have them—easily, quickly and safely! For scientists have discovered a marvelous new treatment which in just three minutes bleaches the most discolored teeth from the teeth, leaving them clear, sparkling white and lustrous. This new treatment, called Bleachodent Combination, consists of a wonderful new liquid and a new kind of paste. The liquid cures and softens the stains, while the paste removes them, and if used daily prevents the formation of future stains. You simply brush teeth with a few drops of the liquid—then use the paste. And as if by magic, all unsightly surface stains disappear and the teeth instantly take on a dazzling whiteness and lustre. First application leaves teeth whiter than when scoured an hour by professional methods. Bleachodent Combination is harmless—cannot possibly affect enamel. Recommended by members of dental profession. Especially beneficial for children's teeth which stain easily. Get Bleachodent Combination today for a few cents. Be sure you ask for Bleachodent Combination. At all good dealers, such as: Hoeschler Bros., C. L. Lien, Wm. Doeringer Co., McCord & Co., J. E. FUNERAL OF KUNKEL NOTED PIANIST TO BE HELD WEDNESDAY

ST. LOUIS, Mo.—The funeral of Charles Kunkel, internationally known as a pianist and composer, who died at a hospital here yesterday at the age of 83, will take place here Wednesday. Kunkel was noted as a musician and to all those who came to this city the Kunkel residence offered a gracious and hospitable reception. Many great artists were among

the visitors at his home, including such well known musicians as Anton Rubenstein, Dr. Hans Von Bulow, Franz Rummel, Dr. Louis Maas and Sebastian Bach. Kunkel was born in Slippersfield, Rhenish Palatinate, Germany, on July 22, 1840. His family migrated to this country in 1848, and he began his studies as a lad of eight under the tutelage of his father.

FINED FOR HAVING MUSKRAT HIDES IN HIS POSSESSION

WINONA—Robert Bullene, 22 years old, of the town of Elba, was fined \$10 today in municipal court by Special Judge Edward D. Libera when he pleaded guilty to a charge of having 43 muskrat hides in his possession during the closed season. The complaint was made by Game Warden Herman Rackow, Jr.

County Attorney Morris J. Owen told the court that several persons had recently been given the minimum fine of \$10 for having one or two hides in their possession, but that in view of the apparent "wholesale sale" on which Bullene was operating, he felt that something more than the minimum ought to be imposed in his case.

NO BREAK IN DEADLOCK ON SPEAKERSHIP

(Continued from page one)

President Coolidge's first annual message.

The president had planned to address congress in person Wednesday. With 413 votes cast on the third ballot Monday Garrett lacked eleven of having a majority. The same group continued to vote for Cooper, while those who supported Madden on the second ballot, swung back to Garrett.

Berkey, Cooper and Garrett voted "present" while Gillett refrained from voting on the third ballot. A fourth ballot immediately began on the third ballot Garrett went into the lead, receiving 196 votes as against 127 for Gillett, 117 for Cooper and five for Madden.

When it became apparent during taking of the fourth ballot that no candidate would receive a majority, republican organization leaders decided to defer the fifth ballot until Tuesday.

Gillett, who was ten short of a majority on the first ballot, when 413 votes were cast, lacked eleven votes on the second, on which the total vote was 411.

EXHIBIT WORK OF BOYS' AND GIRLS' CLUB

From calf raising to hat making is being shown in the life of a very young club girl, Miss Margaret McDowell of Wales, Wisconsin. Two years ago she went to the International livestock exposition at Chicago to show the prize-winning calf of the year which she had raised. This year she is again at the International exposition, as a member of the Boys' and Girls' Club. The other members of the team are: Miss Williams, and Eva Snyder, Miss McDowell, and Miss Snyder. The team was first place at the Wisconsin state fair. The club congress is planned to exhibit the work done in Boys' and Girls' Club in the various states. Work in the clothing line, making over clothing, sewing, and making of hats, are only a few of the many demonstrations that will be given by the club members. All work is non-competitive. The Wisconsin girls will show how to make a becoming winter hat that has been made with the coloring and material of the face, and also explain how a hat can bring out good features and coloring. The second part of the demonstration will show how to renovate old hats, and how to make new hats without the use of a hat maker. The girls will also show how to make a becoming winter hat that has been made with the coloring and material of the face, and also explain how a hat can bring out good features and coloring. The girls will also show how to make a becoming winter hat that has been made with the coloring and material of the face, and also explain how a hat can bring out good features and coloring.

Good School Shoes

There's more real good quality in the general construction of our school shoes than one can find elsewhere at anywhere near our low prices.

At first glance you might not realize this because skillful manipulation can make cheap, shoddy shoes look as good as their betters, but it is easily realized in their longer service.

In our 10 years of the merchandising of shoes we have found that it does not pay to sacrifice quality for price.

Our boys' shoes in sizes 1 to 6 are priced \$2.50, \$2.75, \$3.50 and \$3.95. Our Misses' shoes in sizes 11 to 2 are priced \$2.50, \$2.95, \$3.50 and \$3.95. Smaller sizes will average 50c per pair less.

GIL DOBIE HAS UNIQUE RECORD OF WINNING ELEVEN

**Famous Cornell Coach Serves
Seventeenth Year in Build-
ing Grid Teams**

**BEANS COACHING CAREER IN
1905 AT MINNEAPOLIS HIGH**

**Can Cuss, But Cusses Play and
Not Players**

NEW YORK.—By The Associated Press.—A unique football coach with a remarkable record is Gilmore Dobie, who served his seventeenth year as a coach of successful football teams, the last four of which he has led off to the pinnacle of gridiron glory.

In the sixteen years prior to 1923, Coach Dobie won 81 victories, scored 1,000 points and lost only 10 games. In 1923, he led his team to a record of 10 wins, 1 tie and 1 loss, scoring 1,000 points and losing only 10 games.

Known as "Hoomy Gil," Dobie began his coaching career in 1905 at Minneapolis High School. The next year he became coach of North Dakota Agricultural College, and in 1908 he signed as head coach at the University of Washington, serving in that capacity until 1917. In 1917, he became coach at Minnesota, and remained at that post until 1923, when he was named by Cornell.

In that period, Coach Dobie, who defeated his 1919 Navy team 6 to 0, led his Cornell team to a record of 10 wins, 1 tie and 1 loss, scoring 1,000 points and losing only 10 games.

His Secret

The secret of the success of the Dobie system of football play has been described as follows:

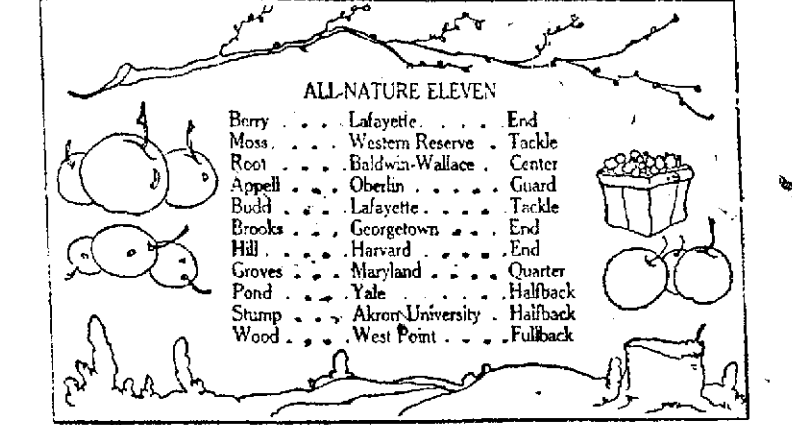

"Dobie's coaching method, or rather the style of play that he develops, has the peculiar quality of absolute precision that goes with definite can-do, go-getting that of a crack drill squad going through the manual of arms. The marvelous thing about it is that it goes about unerringly in the midst of the confusion of charging lines and strenuous physical contact.

"On a given play, each member of the team has definite duties to perform in a perfect routine and he takes his three steps in one direction and two in another as inflexibly and accurately as if there were no one else on the field."

ALL-NATURE TEAM HAS IDEAL TRAINING CAMP

Next for the earnest consideration of the football fans we offer our All-Nature eleven.

We stump anyone to name a better combination.

The players as they Budd forth showing variety caliber would have the advantage of ideal training conditions. They could keep physically fit by romping over the Hill or meandering through the Groves. A bit tired it would be possible to sit down by one of the shady Brooks or take a swim in the Pond.

Later, in roaming the Wood they could refresh themselves by plucking an Appell or Berry, or finding a palatable Root, and who could ask for a softer spot to rest than on some downy Moss?

PIONEERS GO INTO FIRST PLACE TODAY IN LEAGUE STANDING

The Pioneers shot ahead into first place in the Rubber Mills league Monday night, vanquishing the Polar Bears in three straight games. The Star Brands also did a prosperous stroke of business in defeating the Storm Kings, leaders of the week, and placing them in third place.

The scores:

Team	Score
Pioneers	157-128
Star Brands	144-121
Storm Kings	138-121
Polar Bears	128-121

ENID, Okla.—Ed (Strangler) Lewis, world's wrestling champion, won two straight falls from Jack Roller of Dallas.

PITTSBURGH, Pa.—Harry Greb successfully defended his middleweight boxing title against Bryan Downey of Cleveland in ten rounds of fast fighting.

NEW YORK.—Wladek Zbyszko defeated Richard Schickel, heavyweight wrestler, and Martin Plesina, heavyweight, threw Hans Steiukl at a wrestling carnival.

NEWARK, N. J.—Joe Lynch retained the bantamweight title of the world when he knocked out Eddie Coulon of New Orleans in the third round of a twelve round bout.

ST. PAUL, Minn.—The scheduled ten round bout between Marie Schaefer of Omaha and Dago Joe Gans of St. Paul, ended in the third round when the latter's seconds threw a towel in the ring.

SHREVEPORT, La.—The ten round bout between Pal Moore of Memphis and Johnny McCoy of Shreveport was declared a draw, although the crowd protested the decision. McCoy having closed Moore about the ring during six rounds.

IRVINGHAM, Ala.—Jimmy Finley of Louisville and Johnny Tillman of St. Paul fought ten rounds to a draw.

PACKING CO. HEAD JAILED

NEW ORLEANS, La.—The United States court of appeals ordered Ben I. Salinger, Jr., indicted in South Dakota in connection with the organization of the Midland Packing Co., committed to the parish prison pending decision on his appeal from an order of Federal Judge Foster that he be returned for trial.

JOE LYNCH KNOCKS OUT EDDIE COULON IN THIRD ROUND

Now Ready to Defend Bantamweight Title Against Abe Goldstein

NEWARK, N. J.—Joe Lynch has finished preliminary preparations for the defense of his world's bantamweight title against Abe Goldstein.

The finishing touch was the champion's knockout Monday night of Eddie Coulon of New Orleans in the third round of their twelve round bout after the southerner had come close to laying Lynch on the floor in the first round.

After making a flying start Lynch ran into a counter-attack that Coulon followed up so cleverly that the champion went to his corner groggy at the end of the first round. Coulon fought back in the second but was outpunched and took one knock-down in the third before going down for the count.

The New York state boxing commission had notified Lynch that Coulon was the last man he could fight before meeting Goldstein, his challenger in a decision bout.

JIGGS AND DUFFS UNABLE TO BREAK TWO WEEKS' TIE

The Jiggs and Duffs were still holding even in the comic cartoon league after two weeks in first place. They each won two games Monday night. Gasoline Alley took three from Andy Gumps.

The scores:

Team	Score
Jiggs	140-120
Duffs	130-120

EITHER DEFENSIVE PLAY HAS IMPROVED OR OFFENSIVE HAS WEAKENED COMPARISONS SHOW

NEW YORK.—By The Associated Press.—The season's football scoring statistics for 100 leading colleges, representing all sections of the country, reveal one of two things: Either that defensive play has improved since 1922, or offensive play has become somewhat less effective.

The eleven of these 100 institutions participated in 514 games and piled up a grand total of 12,681 points. This would make the average per team for the season approximately 127, as compared with the 133 of last year, and would make the average per game 15.12 as compared with the 19 of one year ago.

Further indications of the greater effectiveness of the defense or lesser effectiveness of the offense may be seen in the actual records of leading teams.

Cornell High Scorer

Last year California, with a total of 330 points, was the high scoring team, and Cornell with 330 was in second place. This year, Cornell's Dobie's team, although having scored 100 points less than in 1922, led the country with a total of 320.

Ranking second to Cornell this year is West Virginia with a point total of 296.

University of Colorado is third with 250; Notre Dame fourth with 249; and Harvard fifth with 220.

University of Kansas leads the best defensive record. Its goal line was not crossed during the year and but six points, the result of two field goals, were registered against it.

Among high scorers for a single game was that made by Cornell when it ran up 84 points on Susquehanna. West Virginia's 81 points against Marshall, Notre Dame's 74 against Kalamazoo, William and Mary's 73 against Guilford and Army's 72 against Lebanon Valley were other noteworthy high scoring games.

Many Safeties

Points accruing from safeties figured prominently in deciding winners. Notably Lafayette's 3 to 0 victory over Pennsylvania; Ames' 2 to 0 win over Missouri; and Missouri's 4 to 2 defeat of the Kansas Aggies. The last game holds a unique place in 1923 football history for three safeties, two charged against the Kansas Aggies and one charged against Missouri, proved the only scoring plays.

Field goals also proved the means by which goals were won or lost. Eleven of California, Army of Virginia and Rutgers of Virginia Polytechnic, each kicked three in a single game, while Marjory of Iowa registered two against Princeton and two against Harvard.

SPECIAL COMMITTEE TO SELECT OFFICIALS FOR BIG TEN GAMES BADGERS TRYING TO FILL DATES

CHICAGO, Ill.—Disputes over official decisions in Big Ten conference football games are expected to be largely eliminated by the plan announced by John L. Griffith, conference commissioner, calling for selection of the officials by a special committee. Hitherto the coaches have decided upon the referee, umpire and linemen.

The committee, composed of Prof. Ralph W. Aigler, of Michigan and Prof. B. J. Lambert of Iowa, together with Major Griffith, is to meet here soon to draw up an approved list of officials from names submitted by conference athletic directors.

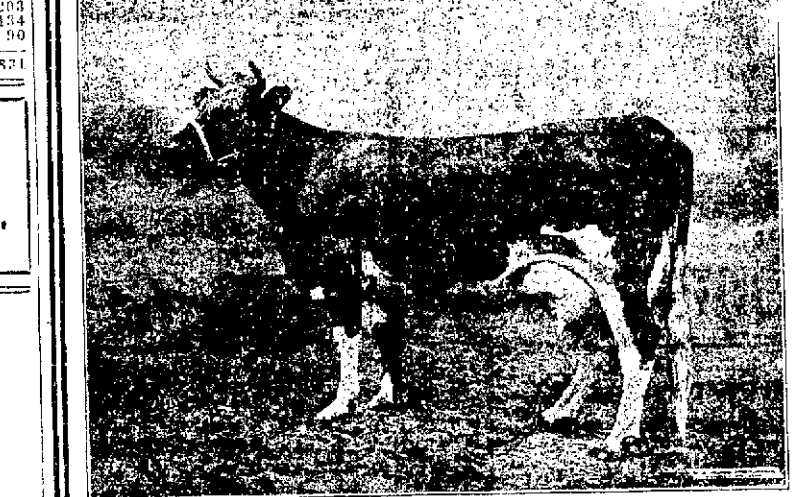

The officials named by this group will be responsible alone to the faculties and not to the coaches or athletic directors.

with her record of 51.93 lbs. holds the world butter record and merits the distinction of being the only 51 lb. cow. She was the first and only cow to produce over 200 lbs. of butter in thirty days. Two of her daughters, one son and several grand-daughters are in the Goldstream Farm herd which will be dispersed at a public sale, December 11th, 1923. Twelve daughters of the 49 lb. bull, King Pontiac Hengerveld Payne No. 141141, with high record dams and wonderful individuals themselves are a sample of some of the 55 heifers in this herd. The blood of the world's champion any age, the world's champion two year old and the world's champion three year old cow is directly represented in this herd which now comprises some 95 head; 30 cows with records from 20 lbs. (2 yrs. old) to 35 lbs., 55 head of wonderfully bred heifers, most of them now carrying calves by a 37 lb. bull, 10 head of bulls including the son of Rolo Mercena De Kol, sired by King Pontiac Hengerveld Payne No. 141141.

No expense was spared in founding the Goldstream Farm herd of Holsteins and only the best that money could buy at that time was used as a foundation, the result being now a wonderful collection of young things with the breeding and records back of them that insures their success in future herds.

The entire Goldstream Farm herd will be sold to the highest bidder at a dispersion sale on

GOING UP—RIVOLI

For more than three years, Douglas MacLean has been formulating plans to film "Going Up," which comes to the Rivoli theatre on Wednesday, and it was only when he came to be the head of his own producing organization that he was able to carry out these plans to a successful conclusion. When Mr. MacLean saw Frank Craven romping his way hilariously through the popular musical comedy during its tremendously successful run in New York, he was convinced that the story constituted ideal screen material.

CASINO TODAY

Unlike many mothers who have won fame as screen stars, Jane Novak doesn't make any dark secret of the fact that she has a beautiful five-year-old daughter. Little Miss Virginia Novak, in fact, is playing an important role in her mother's latest and greatest photoplay success, "The Line," founded on Marie Corelli's novel of the same name and now being shown at the Casino theatre. Little Virginia, like her noted mother, has fine blond hair and deep blue eyes and has more than the average allotment of histrionic skill for a small tot.

"FLAMING YOUTH"

Milton Sills plays Cary Scott, the leading male role in "Flaming Youth," which is being shown at the Majestic this week.

In this daring picture, which con-

ters about the lives and loves of a modern mother and her three ultra-modern daughters. Sills plays opposite Colleen Moore, who portrays the youngest daughter, an innocent yet curious boyhood, whose ambitions to learn the secrets of life form the principal theme of the absorbing play.

If you don't believe it, ask some of the comely young women who took part in the big colonial ball room scene of "Little Old New York," the Cosmopolitan picture starring Marion Davies at the Strand theatre tonight. Attired in their charming old-fashioned dresses, right merrily did they dip and curtsy in the dance called Roger de Coverly.

"THE COVERED WAGON" will be the attraction at the La Crosse theatre starting Sunday matinee, December 9. This engagement will be the only one in this city during the current season. A. L. Erlanger has made this announcement over his signature in a statement addressed to "the theatre-goers of America."

"Under the terms of the agreement

between the A. L. Erlanger booking offices and the Famous Players-Lasky corporation, whereby the former will book "The Covered Wagon" in all parts of the United States and Canada, the picture can be shown only at one engagement in each city."

MORON SUSPECTED IN DISAPPEARANCE OF CHICAGO GIRL

Police Believe 12-year-old Rose Borth Has Been Kidnaped; Missing 36 Hours

CHICAGO, Ill.—After more than thirty-six hours of search, the police have concluded that 12-year-old Rose Borth, who disappeared from her home Sunday evening, has been kidnaped by a moron.

Rose had been sent for groceries and they, with her cap, were found in a vacant lot near her home.

A woman told the police she saw a girl answering Rose's description with a man about 45 years old shortly after the girl left home. She said the child looked as if she had been crying.

Another woman said that an hour later she was accosted at a point several blocks from where the first woman thought she had seen Rose, by a child who sought the direction to a corner near Rose's home.

The police said they were seeking a self-styled "Celestial Angel and Heavenly Father" as the possible kidnaper of Rose. They said he was described in criminal records as moron and maniac. He is said to have escaped recently from a state hospital for the insane at Elgin, where he was sent after conviction for attacking children in his religious cult under guise of performing a religious ceremony.

night." Rose is said to have told the grocer in her last recorded statement. None of her family or friends knew of any planned confirmation except her seven-year-old brother. "A man asked her a few days ago if she wanted to be confirmed," the child said.

The abduction theory was strengthened when two other girls told the police they had been approached by a man answering the description of the alleged kidnaper of Rose.

Swiss Cheese Without Holes

Kraft Swiss Cheese in the tinfoil loaf is 100% cheese. Holes have nothing to do with the flavor of Kraft Swiss cheese.

You buy Swiss cheese for flavor, texture and quality; they are all there in Kraft Swiss Cheese—more than in any other.

The Swiss Cheese producing sections of Wisconsin make a quality equal to the best imported—that's where Kraft Swiss comes from. We remove the hard Swiss rind and blend for true Swiss flavor—always the same, always sweet and delicious—that's Kraft Swiss Cheese. A cheese so good that it revived the sale of Swiss.

Four varieties: American, Pimento, Swiss and Brick, sold by the slice, pound or loaf.
